

TAKE CARE, TEXAS
**VACCINATE AND GET
TESTED FOR COVID-19.**

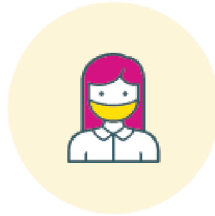

HELP STOP THE SPREAD

You can spread COVID-19 to your loved ones, even if you're vaccinated or feel fine.

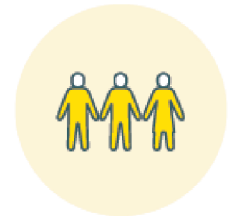

**Stay up to date with
your COVID-19
vaccines by getting
the updated vaccine,
even if you've had
COVID-19**

**Wear a mask
around others if
you've been
exposed to COVID-19
and monitor your
symptoms**

**Go to a COVID-19
testing site or
take a home test
5 days after
exposure**

**If you test
positive, isolate
for 5 days and
notify your close
contacts**

Based on CDC guidelines from 7/17/2023

TAKE CARE, TEXAS
VACÚNATE Y HÁGASE
LA PRUEBA DEL COVID-19.

AYÚDANOS A DETENER LOS CONTAGIOS

Puedes contagiar de COVID-19 a tus seres queridos incluso si no tienes síntomas y ya te vacunaste.

Mantente al día con tus vacunas COVID-19. Vacúnate con la vacuna actualizada, aun si ya has tenido COVID-19.

Usa mascarilla cuando estés con otras personas si has estado expuesto al COVID-19 y está al pendiente de los síntomas.

Ve a un módulo de pruebas COVID-19, o hazte una prueba casera, 5 días después de haber estado expuesto.

Si tu prueba es positiva, aíslate por 5 días y avisa a tus contactos cercanos.

Basado en los lineamientos de los CDC 7/13/2023

BUSCA RECURSOS LOCALES PARA COVID-19 CERCA DE TI
